Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Camden, New Jersey project in fiscal year 2024. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding would be used for two elements of the larger authorized project to make improvements to stormwater drainage and combined sewer outfalls. The project is an appropriate use of taxpayer funds because it will fund a project authorized in federal law and will improve water quality in the Delaware River Watershed.

The project has a federal nexus because the funding provided is for purposes authorized by section 8375 of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 [Division H - Water Resources Development Act of 2022] (Public Law 117-263).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".
